## ***Dialogue on Globalization***

*Dialogue on Globalization* contributes to the international debate on globalization – through conferences, workshops and publications – as part of the international work of the Friedrich-Ebert-Stiftung (FES). *Dialogue on Globalization* is based on the premise that globalization can be shaped into a direction that promotes peace, democracy and social justice. *Dialogue on Globalization* addresses “movers and shakers” both in developing countries and in the industrialized parts of the world, i.e. politicians, trade unionists, government officials, business people, and journalists as well as representatives from NGOs, international organizations, and academia.

*Dialogue on Globalization* is co-ordinated by the head office of the Friedrich-Ebert-Stiftung in Berlin and by the FES offices in New York and Geneva. The programme intensively draws on the international network of the Friedrich-Ebert-Stiftung – a German non-profit institution committed to the principles of social democracy – with offices, programmes and partners in more than 100 countries.

This Occasional Paper is published by the New York office of the Friedrich-Ebert-Stiftung.
